From the United States

From North Carolina last week:

"Just a quick note to thank you for the Thirsk Tourist Information emails, and special thanks for the marketplace WebCam, I check in often! We have visited Thirsk a few times in the past, most recently spending a week there last September. We absolutely love the town and received such a warm welcome from all we met. We hope to visit again soon!"

Also, from Idaho a few days ago:

"You may not be aware, but the web cam view has again changed to exclude a big portion of the square so that we just see the cars. Can you please adjust for us? I made it to Thirsk this year and had a great time as always!"

This was after a brief power cut had upset the webcam view.
